

WHITEvoid is an art and design studio. Our work spans a wide range of worldwide cutting edge projects and scales. From architecture, interiors and light installations to interactive exhibits and custom-made applications. Our latest architectonic designs realize complex unique ideas and adorn clubs, shops, exhibitions, shows and more.

The team is comprised of specialists in architecture, product design, mechanical-, electronic- and software engineering. We are strongly driven by technology, innovation, and experimentation. We dare to think big and push the boundaries in complexity and beauty of each project.

Our house brand KINETIC LIGHTS is the leading specialist in kinetic lighting. For more than fifteen years our designs and products have earned awards and worldwide recognition for delivering professionally engineered lighting equipment.

Electronics Engineer (f/m/d) fulltime

YOUR TASKS:

- * circuit development
- * PCB design development
- * implementation of PCBA and full assembly
- * debugging and error analysis
- * development of test routines
- * product and part maintenance including cost down options
- * documentation (R&D, test reports, etc.)
- * CAD tool and library maintenance

YOU BRING:

- * degree in electronics engineering or a related field
- * 4+ years of professional experience in developing circuits in analog and digital domain
- * experience in developing industrial products
- * experience in developing test routines
- * experience in using common CAD-E modelling tools like Altium, Orcad/Cadence or similar
- * deep knowledge on design, manufacturing and validation methods for PCBA
- * inventor attitude
- * high degree of initiative and system thinking
- * ability to zoom in (detailed level) and out (device level)
- * fluent English skills

WE OFFER:

- * a challenging position
- * high level of self-management and organizational flexibility
- * extraordinary and large scale international projects in the field of art, architecture, show, exhibition and event
- * crafting in a modern in-house modeling and prototyping workshop
- * versatile design possibilities in the areas of prototype construction, assembly and maintenance of installations
- * highly motivated international team
- * modern studio next to the river Spree in East Berlin
- * wild card option to join our projects on site at world-wide destinations
- * team events, BBQ, fruits, delicious coffee and fun at the pinball machine

HOW TO APPLY:

We look forward to receiving your application including CV, work samples, motivation letter and salary expectations by e-mail.
