

WHITEVoid is an art and design studio. Our work spans a wide range of worldwide cutting-edge projects and scales. From architecture, interiors and light installations to interactive exhibits and custom-made applications. Our latest architectonic designs realize complex unique ideas and adorn clubs, shops, exhibitions, shows and more.

The team is comprised of specialists in architecture, product design, mechanical-, electronic- and software engineering. We are strongly driven by technology, innovation, and experimentation. We dare to think big and push the boundaries in complexity and beauty of each project.

Our house brand KINETIC LIGHTS is the leading specialist in kinetic lighting. For more than fifteen years our designs and products have earned awards and worldwide recognition for delivering professionally engineered lighting equipment.

3D Generalist (f/m/d)

YOUR TASKS:

- * You independently create photorealistic 3D visualizations of concept ideas for various international projects, as well as for our standard product range, including modeling, animation, shading/lighting, rendering, etc.
- * Transforming CAD data from Rhinoceros/Grasshopper into animated, high-resolution and textured 3D models.
- * Creating complete three-dimensional atmospheric images, photo montages, 360° perspectives or videos for the print and online, possibly also for live presentations in a real-time environment.
- * You will be responsible for shading and lighting, as well as animation and rendering of complete 3D scenes. Possibly also directly in a real-time environment such as Unreal Engine or Unity.

YOUR SKILLS:

- * A completed apprenticeship in the field of visual communication, graphic or 3D design, game design or a degree in communication design or a comparable qualification
- * Relevant experience in one of the common 3D visualization programs and render engines (Cinema 4D, Blender, Houdini, 3DSmax, Maya, Octane, Redshift, V-Ray, Unreal Engine, Unity, or comparable)
- * Confident use of Adobe Creative Suite
- * A strong sense of design, colors, materials and forms, as well as an understanding of technical contexts
- * Excellent rendering skills especially for lighting and environment setup
- * Quick thinking and independent way of working
- * Ability to plan, organize and execute projects

WE OFFER:

- * Exceptional, challenging and unique international projects, in the field of art, architecture, show and event
- * A highly motivated, international team
- * Room for independent work, flat hierarchies and development opportunities
- * Modern studio directly on the Spree in East Berlin
- * Wildcard option to participate in projects worldwide
- * Employee profit sharing
- * Team events such as a joint BBQ
- * Fruit, delicious coffee and fun at the pinball machine

HOW TO APPLY:

If we have aroused your interest in this exciting task, send us your digital application with a portfolio, CV and your salary expectations by e-mail.
