

WHITEvoid is an art and design studio. Our work spans a wide range of cutting-edge projects and scales. From architecture, interiors, and light installations to interactive exhibits and custom-made applications, our architectonic designs realize complex, unique ideas and adorn clubs, shops, exhibitions, shows, and more worldwide.

Our team comprises specialists in architecture, product design, event technology, and mechanical, electronics, and software engineering. Driven by technology, innovation, and experimentation, we dare to think big and push the boundaries of complexity and beauty in every project.

Our house brand **KINETIC LIGHTS** is the leading specialist in kinetic lighting. For more than fifteen years our designs and products have earned awards and worldwide recognition for delivering professionally engineered lighting equipment.

Project Manager Art & Design (m/f/d) full-time | on-site

- YOUR TASKS:**
- * Support our clients in the planning, management, independent realization and follow-up of complex projects
 - * Optimize our profit margin through order-specific negotiation
 - * Draft detailed proposals and contracts that clearly outline the scope, timeline, budget, and deliverables of projects
 - * Collaborate with our multidisciplinary team of technicians, designers, engineers, and interior architects to ensure seamless project execution
 - * Lead installation and event production processes, including site planning, logistics management, and coordination with internal and external partners
 - * Serve as the primary liaison and central point of contact for all project stakeholders, actively gathering and disseminating essential project information
 - * Allocate resources, monitor costs, delegate tasks, and manage performance to ensure maximum project quality within budget

- * Ensure uninterrupted viewer experience by reporting technical issues to the team, allowing them to implement backup systems
- * Coordinate event-related traders, service partners, and external contractors

YOU BRING:

- * Proven experience in leading and executing complex technical projects, preferably within art, events, theatrical production, live entertainment, or a related industry
- * Experience in client negotiation and drafting proposals and contracts
- * Solid technical knowledge of AV systems, lighting equipment, and event technology
- * Exceptional communication and interpersonal skills
- * Strong decision-making, problem-solving, and organizational skills
- * Demonstrated leadership skills with a willingness to take responsibility, commitment and a hands-on mentality
- * Understanding of lighting design principles and techniques for creating beautiful, dynamic visual experiences
- * Willingness to travel with irregular on-site working hours
- * A degree or professional qualification in event management, arts management, event technology or similar is advantageous

WE OFFER:

- * Exceptional, challenging and unique international projects
- * Participation in the ongoing success of DARK MATTER, our location for art, technology and events
- * A highly motivated, international team and a friendly, open-minded working environment - we stand for openness and diversity!
- * Independent working, flat hierarchies, and the opportunity to contribute your own ideas
- * Substantial discount on Urban Sports Club memberships
- * Free German lessons online or at a centrally located school
- * A bike leasing scheme with tax benefits, insurance, maintenance, and end of lease options
- * Guest list allowance for our permanent exhibition and temporary events
- * Delicious coffee and other drinks and snacks for free
- * Team events, such as BBQs, summer parties and a Christmas party
- * A modern studio right on the Spree in East Berlin with great leisure activities nearby
