

WHITEvoid is an art and design studio. From our base in Berlin, we develop and exhibit cutting-edge large-scale 3D light installations. From architecture and interiors to interactive exhibits and custom-made applications and hardware, our architectonic designs realise complex, unique ideas, and adorn clubs, galleries, shops, live shows, and other diverse spaces around the world.

Our team consists of specialists in art, architecture, and product design, as well as mechanical-, electronic- and software engineering. We are strongly driven by technology, innovation, and experimentation. We dare to think big and push the boundaries of complexity and beauty in each project.

Our house brand KINETIC LIGHTS is the world's leading specialist in kinetic lighting. For more than fifteen years, our designs and products have earned awards and worldwide recognition for delivering professionally engineered lighting equipment.
